#### Additional information

- 1. The company does not depreciate its freehold property
- 2. The office equipment was purchased on 1 January 2019 with expected useful life of ten years and nil residual value. The related depreciations are charged to administrative costs
- 3. Six months' rent of FRW 26,000 included in administration expenses was paid on 1 October 2021 covering period from 1 October 2021 to 31 March 2022
- 4. An invoice of FRW 50,000 for advertisement during 2021 was received in January 2022 and is not reflected in the above trial balance. Advertisement is classified as distribution costs.
- 5. The debenture interest due for 2021 has not yet been accounted for
- 6. On 01 January 2021, the company received a government grant of FRW 400,000 towards the cost of an asset (Machinery). BTC Ltd acquired the machinery on 01 January 2021 at an exact value of grant and useful life of the machinery was 5 years and nil residual value. The grant has not been reflected anywhere in the company's books of accounts. It is the company policy to account for all government grants and assistance on deferred income basis. Depreciation for machinery is classified under cost of sales
- 7. On 1 January 2021 BTC purchased four floors building for its investment potential in Kigali at cost of FRW 40 million. Before this purchase, the board of directors advised the management of BTC Ltd to occupy the two up floors for their company's own use while the first two floors would be rented to others. The property official valuer has allocated the cost of the building in the following way:

2 First two floors (Reserved for investment): PARAUGUST202 50% 2 Up two floors (Occupied by BTC management): 90%

The building had a useful life of 50 years with no residual value. At the end of 2021, the building's fair value had risen to FRW 42 million. Investment properties are measured at fair value while own occupied assets are measured at cost model and related depreciation is charged to administrative costs. The purchase of building has been fully financed by a 10% loan. This has not been recorded at all.

- 8. As at the year end, the valuation of existing inventory was valued at cost and net realizable value of FRW 270,000 and FRW 301,000 respectively,
- 9. The company has an authorized share capital of 4 million ordinary shares of FRW 1 each and had an issued share capital of 3.5 million ordinary shares for FRW 1.2 each as at 31 December 2020. On 30 June 2021, the company issued 500,000 shares for FRW 1.8 each paid in cash. The entire proceeds of this issue have been recorded as part of FRW 4.4 million in the ordinary shares account
- 10. It is estimated that corporation tax charge for 2021 would be FRW 300,000 and has not been paid.
